VIA FAX AND CERTIFIED MAIL

Mr. Massoud Salarvand
Vice President/General Manager
KRCA Television Channel 62
1813 Victory Place
Burbank, CA 91504

Dear Mr. Salarvand:

Enclosed is an executed copy of the copyright royalty reimbursement agreement regarding carriage of KRCA in Community Cablevision Company's cable television system serving the following communities:

City of Irvine, City of Newport Beach, City
of Tustin, Marine Corps Air Station-El Toro,
Marine Corps Air Station-Tustin, University
of California, Irvine

You will see that I have changed the company name in the agreement from Times Mirror Cable Television to Community Cablevision Company. This is the correct name for the cable system. Community Cablevision Company is a subsidiary of Times Mirror Cable Television of Orange County, Inc.

I also want to clarify the manner in which KRCA will be carried on the cable system. We are currently in the process of rebuilding the cable system which will expand channel capacity upon completion. On August 31, 1993 a portion of the rebuild will be completed and we will begin providing additional channels to the customers in that area. KRCA will be carried in the new expanded channel lineup on channel 41, but will not be carried on the existing channel lineup. Therefore, KRCA will be available to an increasing number of customers as the rebuild is completed area by area. When the rebuild is complete, KRCA will be available to all customers on our basic level of service. I discussed this with Chris Buchanan, but please let me know if you have any questions.

Sincerely,

Mark F. Stucky
Vice President

Masood Salarvand

Re: *Community Cablevision Company*
~~Times Mirror Cable Television~~
Serving City of Irvine, City of Newport Beach,
City of Tustin, Marine Corps. Air Station - El
Toro, Marine Corps Air Station - Tustin,
University of California, Irvine

Dear Mr. Stucky:

I am writing in response to your letter of May 13, 1993, in which you ask for reimbursement copyright royalty liability.

I have used the same format that was used in our agreement with Times Mirror Cable Television of Orange County, Inc., and I believe this will be satisfactory. I ask that you sign the enclosed copy of this letter where indicated below and return it to me. This should resolve the qualification imposed by

MS-158.1

Mark F. Stucky
August 12, 1993
Page 2

Section 76.55(c)(2) of the FCC's rules and allow the Times Mirror system servicing the above-referenced communities to begin carriage of KRCA (TV) on September 1, 1993 pursuant to the FCC's "must carry" rules.

I understand that the cable copyright royalty your system would pay for carriage of KRCA is approximately \$3,500 every six months. This understanding based on facts taken from your letter of May 13, 1993, and the fact that KRCA would be a "permitted" distant signal carried at a DSE rate of 0.563%.

KRCA would be a permitted signal on your system pursuant to former Section 76.61(e)(5) of the FCC's Rules, since it is a commercial UHF station whose Grade B contour covers all or part of the system's community. (See attached map of KRCA service contours.) In addition, KRCA is permitted as a "specialty" station pursuant to former Section 76.61(e)(1) of the FCC's Rules because of its foreign-language programming. (See attached KRCA program schedule.)

KRCA has filed an Emergency Petition for Expedited Rulemaking with the FCC seeking the amendment of Section 76.51 of the FCC's Rules to redesignate the Los Angeles hyphenated market as "Los Angeles-San Bernardino-Corona-Fontana-Riverside." If the FCC grants the requested relief, KRCA would become a local signal on your system for copyright purposes, and its carriage would thus be royalty-free. Depending on the timing of the FCC's action, this might result in there being no royalties due for your system's carriage of KRCA during the second accounting period of 1993.

Nonetheless, because of our interest in working with you to avoid any unnecessary disruption in the delivery of KRCA to your subscribers, we agree to reimburse and indemnify ~~Times Mirror Cable~~ ^{community television company} for that portion of the semiannual compulsory license royalty fees it pays, if any, that is attributable solely to the continuous carriage of KRCA(TV) as a distant signal, commencing promptly after the date of this agreement. By this agreement, we

Mark F. Stucky

Page 3

perfect our must carry rights on your system pursuant to Sections 76.55(c)(2) and 76.56(b) of the FCC's Rules.

This agreement is based on our understanding of the magnitude of the royalty obligations of ~~Times Mirror Cable Television of Orange County, Inc.~~ ^{Consolidated Cablevision Company} 11W, as described above. In order to receive payment, please send me a complete copy, by certified mail, of each Statement of Account filed on behalf of ~~Times Mirror Cable Television of Orange County, Inc.~~ along with a letter certifying that it was filed with the Licensing Division of the Copyright Office and evidence of the amount of the payment made with it (the "Royalty Bill"). Should you subsequently receive a refund of any part of any royalty fees we have reimbursed, you will promptly pay that refund to us.

Our agreement to reimburse these fees is for a term of three years, or until the next date by which KRCA(TV) is permitted to elect must carry or retransmission consent status pursuant to FCC Rules. Also, given the fact that future royalty payments depend on circumstances within your exclusive control or knowledge, we reserve the right to cancel our agreement should the amount due for any single six-month accounting period exceed \$7,000. We will remain liable for reimbursement pursuant to the terms of this agreement of copyright royalty payments, if any, made for carriage of KRCA by the system during any Accounting Period that has commenced prior to the date of such cancellation. In such event, the system shall continue to carry KRCA through the end of any such Accounting Period without channel shifting or signal degradation. The parties may agree to terminate carriage of KRCA prior to the end of such Accounting Period in exchange for reduction in copyright reimbursement liability or other mutually agreed consideration

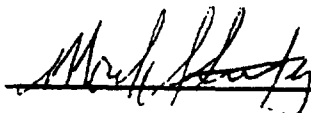

Mark F. Stucky
